PXZ Full Modular Olive Processing Units

We offer you customized solutions and maximum profit with high energy efficiency, full automatic control, wide system customization opportunity.

PXZ SERIES AT A GLANCE

	Max. Capacity	Power	Consumption
PXZ 60	60 ton/day	104 KW	78 KW/h
PXZ 80	80 ton/day	120 KW	93 KW/h
PXZ 100	100 ton/day	135 KW	105 KW/h
PXZ 160	160 ton/day	194 KW	150 KW/h
PXZ 250	200 ton/day	250 KW	195 KW/h
PXZ 500	300 ton/day	250 KW	210 KW/h

PXZ Polat Continuous Systems

PXZ Series represent the utmost segment of Polat Makina in olive oil solutions in terms of capacity and performance. The series has continuous systems which are designed for mass processing or party type product processing and can be operated automatically and constantly.

You can configure your process by yourself.

Flexibility in the joint of malaxator group can be adjusted depending on the customer needs. You can increase the capacity by adding a module on the facility of production.

Customized design in compliance with PLC Control and CE Standards

Each malaxator reservoir is designed independently. It is possible to operate one reservoir if needed since each is equipped with independent engine. Thanks to the programmable kneading duration and automatic valves, operator-free control can be ensured.

Efficiency

Thanks to heat insulation and independent heat control in malaxator reservoirs, cost saving for electricity is ensured and product in best quality and efficiency is obtained.

Adjustable differential speed

New generation PXZ Series decanters designed by Polat Makina enables oil to be obtained in the most efficient way thanks to double-engine structure and adjustable spiral speed.

Hygiene and occupational safety

Machinery is designed and manufactured in compliance with food regulation. All surfaces which might contact with the product are manufactured from stainless steel of high quality. Great importance is attached to the occupational health and safety in the design of the machinery. Operator can realize the maintenance of the machinery safely. It can wash without requiring to stop the machinery thanks to the washing system adaptable if required.

Advantages of PXZ Series:

- Product portfolio in suitable capacities for your needs,
- Modular designs in capacity increases,
- Full protection against abrasion,
- High quality,
- Designs in compliance with food, occupational health and safety,
- Low energy consumption,
- Easy to use, low labor cost,
- Adjustable differential speed,
- Easy to install,
- Full automatic control,
- Low maintenance cost,
- Fast and solution oriented service,
